# ROYAL COLLEGE OF ARTS, SCIENCE & COMMERCE

*Empowerment through Value Education*

Devoted to Serve (A Minority Institution Affiliated to University of Mumbai)

Ismail M. Kanga Educational Campus, Penkarpada, Mira Road (E), Dist. Thane-401107.

Principal's Office: 2845 9930 • Email: trams786@yahoo.com

Adm. Office: Tel.: 9136312913 / 2845 9524 • Email: royalcollege\_office@yahoo.com

## ACTION TAKEN REPORT of 2020-21 Curriculum

### I. Action Taken at the college Level to enhance the lacunae in the curriculum as highlighted in the Syllabus feedback analysis report.

1. Annual Research Meet, Research Paper presentations & involvement of students in minor research projects to instill scientific & research temperament.
2. Guest lecturers from industries and industrial visits to provide insight into commercial setups
3. Number of co-curricular activities conducted by different departments to explore creativity in students & bring the fun element in the learning process
4. Career talks to update on new openings & prospects in their related subjects.
5. Students are involved in learning activities where they are given topics to present as Seminar/webinars, PPT presentation, or for self study, Poster making & Model making.
6. Students participate in internships & summer training programs and undertake field projects to acquire hands-on training & work experience.

## ACTION TAKEN REPORT of 2020-21 Curriculum

- II. Suggestions for change on the basis of syllabus feedback analysis report is communicated to teacher members of university syllabus committees to convey & discuss the same at workshops & seminars on syllabus revision conducted by the University BOS syllabus subcommittee.

Questions with higher% of disagreement.	Feedback	Suggestions forwarded to teachers in Syllabus Committee
The curriculum encourages research work.	The curriculum is not enough to motivate the students for further study in research	Research methodology topic in theory across all faculty, compulsory project work & research work for evaluation will be helpful for their higher studies, for pursuing Ph.D, & to take up post as researcher in R&D departments.
The curriculum has applicability/relevance to real life situations.	Real life & Industry-related applicable topics not updated in curriculum	Internships, Summer training, Observership, Field work/surveys in syllabus will help understand work ethics & the recent advancements & technologies in industries & market.
The course content instilled creativity	Syllabus does not include learning activities that explore creativity in students	Certain topics in syllabus should compulsorily include learning activities like seminars, presentation, model making, poster making & self study by students.

### Copy forwarded to Syllabus committee teachers :

Ms. Maleka Bootwala - Department of Physics  
Dr. Nandini Kachhap - Department of Physics  
Ms. Tabassum Khan - Department of Hindi  
Dr. Mustaqeem Abbas - Department of Chemistry  
Ms. Vilasini Gaode - Department of Microbiology  
Dr. Ravishree Mishra - Department of Sociology
